

RAPTOR CONSERVANCY OF VIRGINIA | DONATION FORM

BENEFITS

- All Donors will receive a 5 x 7 color picture of the native Virginia raptor of their choice, and a thank-you letter including information on that species
- Donors at the \$200 level and up will receive the above benefits plus notification of an occasion when RCV education birds will be appearing in public for the donors to come and meet them. (Sorry, we are not in a position to give tours of the RCV facilities at this time).
- Donors at the \$400 level and up, in addition, will receive notification of an occasion when a raptor release by RCV volunteers will occur -- so they may have the opportunity to see a bird go back to the wild! (many releases are not in Northern Virginia).
